- **Somec will participate at the Mid & Small Summer Virtual Conference on August 4 and 5, 2020**

San Vendemiano (TV), August 3, 2020

Somec S.p.A. (“Somec” or the “Company”), a company specializing in the engineering, design and construction of large turnkey projects, in the shipbuilding and civil construction sectors, with regard to glass cladding, special architecture projects, outfitting for public areas and catering for large kitchens, has acquired new orders worth approximately 60 million of Euro including options for the Seascope – Marine Glazing and Marine Cooking Equipment segments.

The orders, from Fincantieri group, consist in the engineering, manufacturing and installation of the glass envelopes of two cruise ships, with date of delivery in 2023 and 2025. The two units, with passengers capacity of 4.300, are the biggest vessels ever built in Italy.

The agreement with Fincantieri includes options for the engineering, manufacturing and installation of the catering areas of six vessels for Viking Cruises.

The order awarded amounts to 20 euro million, while the order in option amounts to 40 euro million. Since the beginning of the current year, Somec has disclosed an order intake of 180 million Euro with a backlog as at 31.12.2019 of 638 million Euro.

The Company announces the participation at Mid & Small Summer Virtual Conference, organized by Virgilio IR, on August 4 and 5, 2020. The company presentation will be available on the company websites IR/Presentation Section.
