**SOMEC GROUP
IS ONE OF THE WORLD'S
LEADING EXPERTS IN THE
CONSTRUCTION OF COMPLEX
TURNKEY PROJECTS**

30 companies specialising in the engineering, design and deployment of complex turnkey projects in civil and naval sectors. A group of excellences operating in an integrated and synergetic manner, according to strict quality and safety standards while guaranteeing a high level of customisation and specific know-how on the processing of different materials, a key requirement when delivering high value-added projects.

In over 40 years of history, the Group's footprint spans 12 countries and 3 continents, employing more than 1,000 people. Somec has been listed on the Italian Stock Exchange since 2018.

We are loyal and reliable partners of excellence, thanks to project management and engineering capability, expertise in materials and the craftsmanship used to realise projects.

We are the hub of Italian construction quality, an aggregator (company and knowledge) of all those extraordinary skills recognised around the world for complex and highly specialised construction projects.

We are a group that strongly believes in freedom as a key value enjoyed by every individual, be it an engineer, specialist technician or craftsman, to continually seek out innovative solutions and processes, which characterise every project in order to facilitate the most successful outcome.

CRUISE MARKET OUTLOOK

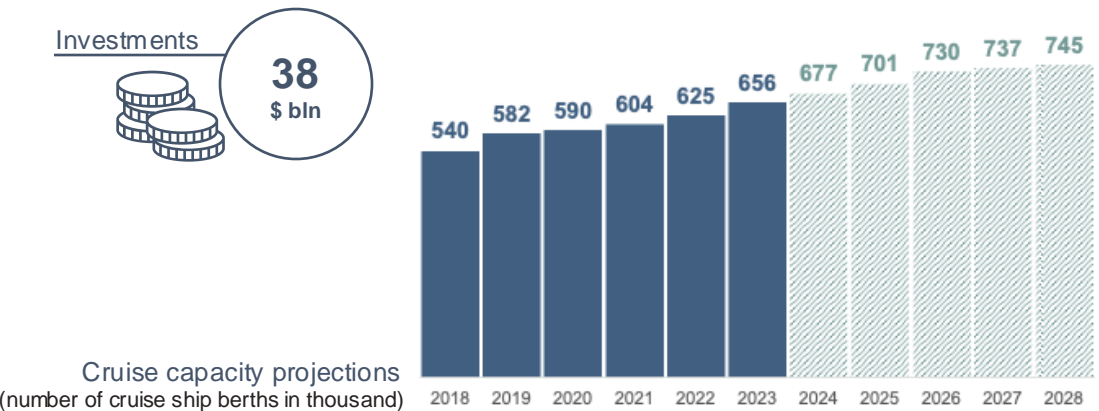

POSITIVE GROWTH IN THE CRUISE INDUSTRY*

In 2023 the cruise industry surpassed the forecasts, and it is expected to reach new highs in 2024 confirming to be a resilient sector.

INCREASING IN NUMBER OF CRUISE PASSENGERS

GLOBAL CRUISE CAPACITY IS FORECASTED TO GROW +10% FROM 2024 TO 2028

SOCIAL, ECONOMIC & ENVIRONMENTAL IMPACT

- **\$138 billion** in total economic impact globally, supporting **1.2 million jobs** worldwide and **\$43 billion in wages**
- Cruise is a global industry, with cruise lines operating in every major world region. The economic contribution from cruise to the economy is enormous despite cruise being just 2% of international travel - estimates will capture ~3.8% of the \$1.9T global vacation market by 2028 - (J.P Morgan Research) with an increasing number of younger travellers and first-time passengers coming on board.
- Key operators are investing in land-based destination and mega-ships to accelerate the demand.
- 15% of ships entering service in the next five years are being built with battery storage and/or fuel cells to allow for hybrid power generation to reduce carbon emissions.

* Source: "State of the Cruise Industry report"- CLIA, April 2024

GLOBAL MARINE INTERIOR AND HOSPITALITY OUTLOOK

Forecasts* indicate stable growth, with significant opportunities for companies operating in the marine interiors in Europe.

KEY DRIVERS

- **Tourism Recovery:** The global travel industry is rebounding, with travel expected to fully recover by the end of 2024.
- **Spending Growth:** Travel spending is projected to reach \$8.6 trillion in 2024, about 9% of global GDP.
- **Growing popularity** of cruise ships drives demand for **luxurious, high-quality interior design**.

- Cruise operators focus on innovative onboard experiences with **premium materials and advanced technology**.
- Sustained market demand for **innovative and luxurious marine interior design** solutions as maritime tourism expands.
- **New traveller populations** are projected to become a growing share of global travel spending.
- **Travel has become a top priority**, especially for younger generations with international travel feeling more within reach.

MARINE INTERIOR IS EXPECTED TO GROW AT CAGR OF +10.1% FROM 2022 TO 2030

- The marine interior market has grown globally in recent years, thanks to the increase in shipping and the growing tourism industry.
- **Refitting** market is strongly contributing to the overall growth.
- In recent years, also the **US interiors** market has seen growth, due to increased demand for luxury and high-end cruise ships.

GLOBAL MARINE INTERIOR MARKET FOR CRUISE SHIPS

The global market for cruise ship interiors has returned to growth after 2020. The value of the cruise ship interiors market is forecast to grow to **4.5 €bIn in 2030**.

This increase highlights the growing demand and importance of cruise ships in the maritime industry.

9M 2024 REVENUES*

CONSOLIDATED REVENUES STILL IMPACTED BY A TEMPORARY DOWNTURN

TOTAL REVENUES AS 30 SEPTEMBER 2024*

€m

REVENUES BREAKDOWN BY DIVISION*

% on total

- 9M 2024 revenues were still impacted by a temporary time shifting in projects within **Mestieri** and **Talenta** divisions, partially offset by increased revenues from **Horizons** division, driven by strong performance in naval refitting (as highlighted on June 30, 2024);
- **Horizons**, accounting for 63,3% of revenues, continues to show growth in a market with highly promising future prospects;
- Revenues from **Mestieri** were also impacted by the effects of an internal reorganization aimed at strengthening the operational structure, resulting in a slowdown in growth performance.

TOPLINE SLIGHTLY AFFECTED BY ORDER TIMING SHIFT IN THE SECOND HALF OF THE YEAR

TOTAL REVENUES

€m

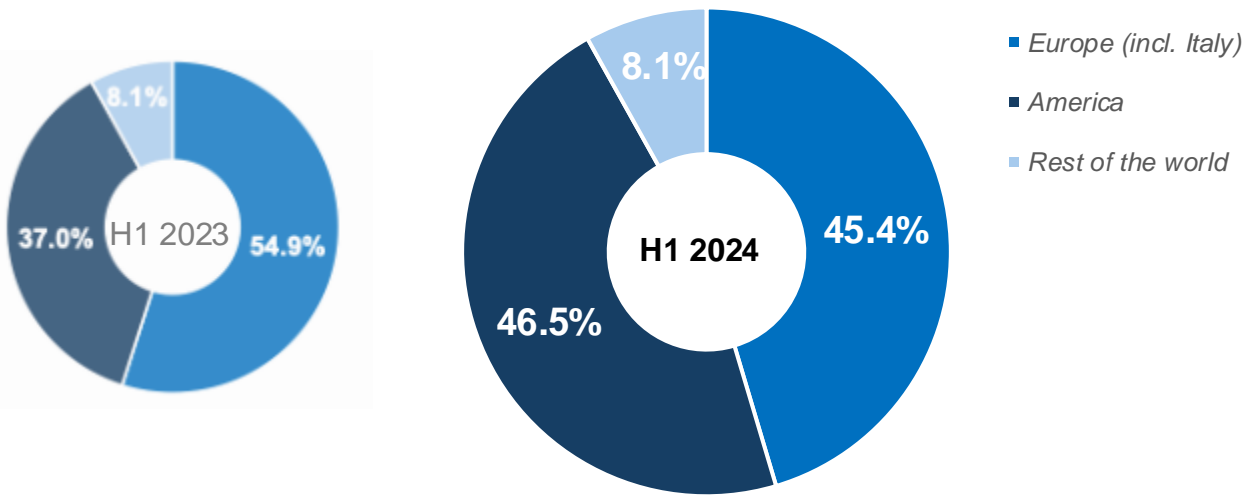

REVENUES BREAKDOWN BY DIVISION

% on total

REVENUES BREAKDOWN BY GEOGRAPHY

% on total

- Lower YoY revenues, primarily due to the time shifting of orders in the **Talenta** and **Mestieri** divisions.
- The decrease offset by **Horizons** contributions mainly attributable to the increase in ship refitting volumes.
- H1 2023 revenues benefited from the contribution of a major order for **Mestieri** through the subsidiary Hysea (a company that has not developed new orders in 2024).

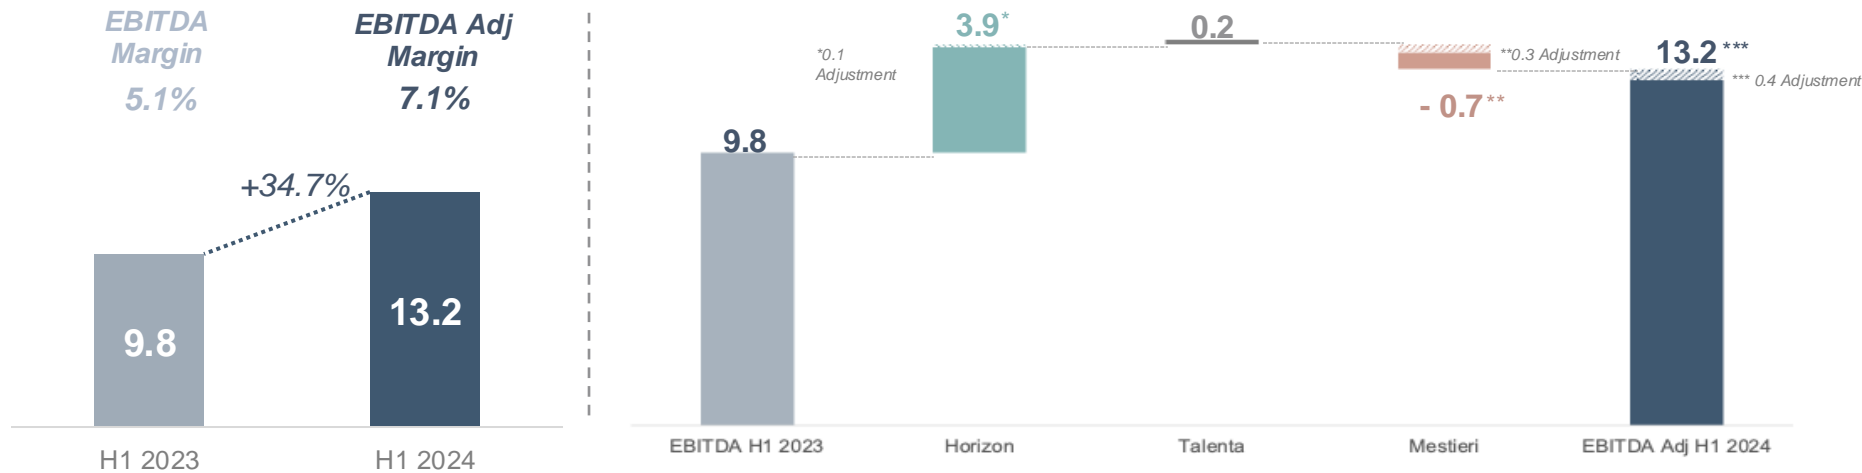

H1 2024 OPERATING PROFITABILITY

SIGNIFICANT IMPROVEMENT OF MARGIN, MAINLY DRIVEN BY HORIZONS DIVISION

EBITDA ADJ AND EBITDA ADJ MARGIN OF THE GROUP

€/m/%

- The Horizons division significantly boosted margin recovery (+3.9 €m) thanks to the refitting in the glazing sector and the civil sector in the US.
- Adjustments amounting to **0.4 €m** refer to non-recurring items related to the organizational restructure in Mestieri and Horizons divisions.

EBIT AND EBIT MARGIN

€/m/%

Group's EBIT as 30 June 2024 was mainly impacted by:

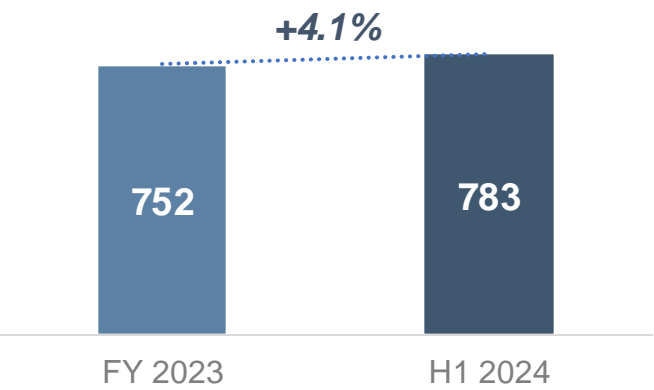

- Write-downs related to the recording of the impairment loss in the Professional Cooking Equipment.

ORDER BACKLOG AS 30 JUNE 2024

BACKLOG IMPROVENT (+4.1%) DRIVEN BY MESTIERI DIVISION

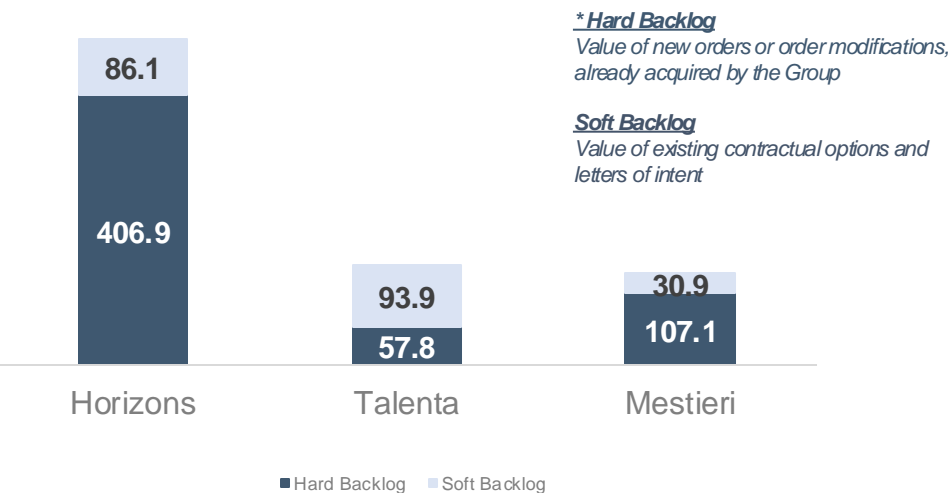

BACKLOG €m

BACKLOG BREAKDOWN BY DIVISION %

BACKLOG AT 2031 BY TYPE(*) %

- Both **Horizons** and **Mestieri** divisions benefit from the recovery of volumes in the marine sector driven by the increase in investments announced during 2024 by major shipowners.
- **Mestieri's** contribution is led by new orders contracted within the luxury retail sector, confirming the development strategy undertaken by the Group in the last period.

HORIZONS (H1 2024)

REVENUES UP BY 9.1% WITH A STRONG IMPROVEMENT IN MARGIN

REVENUES OF THE DIVISION

€m

- The marine division is confirming its **growth trend (+9.1%)** in a rapidly expanding market.
- Positive results have been further **boosted by contribution from the refitting** sector and robust demand in the U.S. façades market (Fabbrica LLC).

EBITDA ADJ AND EBITDA ADJ MARGIN OF THE DIVISION

€m/%

- **Horizons'** contribution to margin recovery, is primarily driven by the **marine glazing** sector, thanks to the **stabilization of production costs** and growth in **refitting projects**.
- The **civil façades market**, through the US subsidiary also positively impacted the improvement of operating result.

TALENTA (H1 2024)

REVENUES DECREASED BY 20.5% OFFSET BY A STRONG PROFITABILITY RECOVERY

REVENUES OF THE DIVISION

€m

- Contraction especially at the beginning of 2023 in the professional cooking equipment sector.
- The division reported a 7.0 €m decrease in turnover, mainly due to a different timeline in the progression of works related to systems and products for professional kitchens in the naval sector.
- Positive contribution from the companies dedicated to the design and construction and the production of pizza equipment.

EBITDA AND EBITDA MARGIN OF THE DIVISION

€m/%

- The improvement of the EBITDA margin is to be attributed to the cost efficiency process initiated in the professional kitchen production.

MESTIERI (H1 2024)

TOPLINE REDUCTION IN VOLUMES AFFECTING ALSO THE MARGINALITY

REVENUES OF THE DIVISION €m

- The decrease is mainly attributable to the subsidiary Hysea, which in the first half of the year had revenues of **4.5 €m**, whereas in 2024, with the conclusion of ongoing projects, it has not developed new orders.
- Additional reduction is linked to the timing of TSI's interiors projects compared to the first half of 2023, in which the company experienced a production peak.

EBITDA ADJ AND EBITDA ADJ MARGIN OF THE DIVISION €m/%

- Margins was impacted primarily by the decrease in volume.
- Positive effect from Mestieri S.p.A. and Mestieri USA fostering market synergies among the companies Budri S.r.l., Skillmax S.r.l., Lamp Arredo S.r.l., and Gino Ceolin S.r.l.

CONSOLIDATED NET RESULT

€/m/%

CASH FLOW

€m

- Consolidated net result at the end of the first semester was strongly impacted by impairment loss related to Talenta division.
- Net financial charges to the extent of **0.9 €m** related to the rising cost of the short-term debt component.
- Impact from income taxes of **1.7 €m** (0.7 €m in H1 2023).

- Cash flow from operating activities positively impacted by the operations and more efficient working capital management strategy.
- Cash flow from investing activities in line with the previous period.
- Cash flow from financing activities was strongly impacted by debt repayments of **11.9 €m** (mainly related to Somec standalone).

NET FINANCIAL POSITION AS 30 JUNE 2024

IMPROVEMENT OF THE FINANCIAL POSITION DRIVEN BY A MORE EFFICIENT OPERATING ACTIVITIES

EVOLUTION OF NET FINANCIAL POSITION ex-IFRS16 €m

COMPOSITION OF NET FINANCIAL POSITION €m

- Cash flow from operating activities up for **15.8 €m.**
- Impact of earn-out payment of Fabbrica for **1.3 €m.**

PROJECT CYCLE

The operation model is common to all of Somec Group’s business areas and sets itself apart thanks to the development of original systems and the in-house management of the entire production process. As a result, Somec Group differs from the majority of those competitors who only operate as contractors and do not manufacture.

A Group of companies with strong common points and synergies.
In-house designing and manufacturing enable the exploitation of deep synergies and put the Group in the leading side of the high-end segment of the markets.

6 phases are common to all of the Group’s orders, in line with a continuous cycle of improvement led by management and directed at margins and scalability.

The marine and civil engineering DNA that has formed in some companies over years of accreditation and complexity, assists Somec Group in being a reliable partner in new projects.

INVESTING IN PEOPLE IS INVESTING IN THE FUTURE

*"People are the greatest asset in a company.
The continuous innovation at customer's service
and the constant enhancement of performances
are the objectives reached by working in team."*

Oscar Marchetto

Attracting and retaining talent is pivotal for our success.

People empowerment is a key point of our strategy which goes hand in hand with maintaining high level performance and reliability.

Innovation is a process on the go, that binds experience and creative effort, partnership with clients and experimenting. Every Design and R&D departments of Somec Group's companies works to develop outstanding innovative products able to transfer aesthetic solutions and know-how that are meant to suit the requirements of the most prominent architecture firms and to continuously improve technical capabilities consolidating the leadership in every sector.

PEOPLE EMPOWERMENT

TEAM GROWTH

TOTAL INTERNAL MANAGEMENT

Somec Group organization boasts an experienced and skilled team that grows day by day through an on going program of training and development. People empowerment is a key point of its strategy to maintaining high level.

DEVELOPING, PRESERVING AND PASSING ON THE ITALIAN KNOW-HOW

Somec Group was set up and developed as a local business based on the skilled hands of expert craftsmen. As it has expanded, it has always recognised the priceless value of Italian expertise, which is precise when it comes down to fine detail and unique when it comes to style, defining it as a precious asset, and making it a moral duty to preserve and pass it on to future generations.

Somec Group is investing in training and education, to give some of the precious knowledge that has made the company successful back to the crafts and trades that are woven into Italian territory and beyond.

The Group is committed to setting up an Academy to:

Support the master craftsmen by enabling them to pass on their culture and protect their knowledge and legacy.

Outline a training path for young talents interested in learning the profession of the master craftsmen.

Establish collaborations with universities and schools to launch research and innovation projects.

HEAD, HEART, HANDS. WE MAKE THE FUTURE

We collaborate with the greatest architects and designers at the service of the major shipbuilders, building developers and luxury brands all over the world.

“

(...) The truth is that the technical, industrial and craft expertise of our people, and the freedom with which everyone in the Group can be innovative, give us the energy to pursue our dream - to become the hub of Italian construction quality.
