

SOMEC: OXIN WINS OVER 33 MILLION EURO IN CONTRACTS FOR PROFESSIONAL KITCHENS FOR NEW CRUISE SHIPS

The subsidiary specialising in on-board kitchen systems has been awarded major projects for the company Crystal Cruises

Oscar Marchetto, Chairman: *"Once again the shipping industry has chosen our Group's state-of-the-art solutions to meet the demands of luxury cruising."*

San Vendemiano (Treviso), 01 April 2025 – Somec S.p.A. (Euronext Milan: SOM), specialising in the design, production and installation of complex turnkey civil and naval projects, has announced that its subsidiary Oxin, part of the *Talenta* BU, *Professional Kitchen Systems and Products*, has won major contracts totalling 33.7 million Euro approximately.

The contracts cover the construction of three ships, one of which under option, for the company Crystal Cruises. More specifically, the company will be involved in the construction of the galleys, catering areas and bars on board the new Crystal ships at major Italian shipyards, providing a Made in Italy turnkey package that includes all phases of the project: design, production, installation, and after-sales assistance on all the areas supplied. The ships are designed to offer a luxury five-star experience, including in terms of catering, ensuring the highest quality standards.

The economic effect of these contracts will be spread over the period between 2026 and 2031.

Oscar Marchetto, Chairman of the Somec Group, pointed out: *"Once again the shipping industry has chosen our Group's solutions to meet the demands of luxury cruising. Through Oxin and Talenta business unit we strive to provide state-of-the-art kitchens, designed to meet the highest standards of efficiency, design and performance. We are proud to contribute to creating unique experiences for Crystal Cruises' passengers, while consolidating our position as a leader in a strategic sector for international cruising"*.
