IS ONE OF THE WORLD'S LEADING EXPERTS IN THE CONSTRUCTION OF COMPLEX TURNKEY PROJECTS

Somec Group encompasses an ecosystem of expert companies specialised in engineering, design and deployment of complex turnkey projects in both civil and naval engineering. Our companies excel through integrated and synergistic operations, strictly adhering to quality and safety standards while offering high levels of customization and expertise in processing various materials-essential for high value-added projects.

With over 40 years of history, Somec Group's presence spans 12 countries and 3 continents, boasting 18 production plants and more than 1,000 people. Somec SpA has been listed on the Italian Stock Exchange since 2018.

We are reputable and reliable partners of excellence, thanks to our functional engineering and design management abilities, our competence in materials and the expertise we bring

to our projects.

We serve as the hub of Italian construction quality, aggregating corporate and knowledge resources from extraordinary and globally recognised competencies, all dedicated to complex and highly specialised construction projects.

Our Group firmly believes in freedom as a core value for every individual

 be it an engineer, skilled worker or craftsperson.
 We continuously seek innovative solutions and processes to ensure the best outcome for every project.

SPECIALISING IN THREE MACRO SEGMENTS

37 MILLION PASSENGERS GLOBALLY IN 2025

Consistent Growth in Passenger Volume.

The cruise industry is **expected to exceed 37 million passengers globally in 2025 (+7% compared to 2024)** and 42 million passengers are forecast to sail in 2028.

BIG DRYDOCK PROGRAMS

2025 will see various cruise ships undergoing significant refurbishments with the return of big drydock programs.

ECO-FRIENDLY SHIPS AND PERSONALIZED TRAVEL EXPERIENCES

Top companies like Royal Caribbean, Carnival Corporation, and Norwegian Cruise Line Holdings are **spearheading Innovation** with eco-friendly ships and personalized travel experiences.

3 NUMBER OF SHIPS OFFERING LUXURY EXPERIENCES

The luxury cruise travel market has tripled since 2010.

The cruise industry increasingly requires ships with innovative, personalized interior solutions that enhance onboard comfort and luxury. This trend is driving companies to develop high-value-added materials, designs, and technologies.

EVOLVING LUXURY RETAIL

Investments in boutiques and flagship stores with high aesthetic and technological standards are enhancing customer experiences.

7 3 CAGR PROFESSIONAL KITCHEN SECTOR

The professional kitchen sector is growing and evolving rapidly due to technological innovation, sustainability, and the increasing demand for high-quality catering. This market includes equipment and solutions for restaurants, hotels, catering services, canteens, food trucks, and cruise ships. The global commercial kitchen appliances market was valued at USD 98.34 billion in 2024 and is projected to grow at a CAGR of 7.3% from 2025 to 2030.

4.5 CAGR INTERIOR DESIGN SECTOR

Growth of turnkey contracting in both public and private building: the interior design market is experiencing significant growth at a CAGR of 4.5% between 2024 and 2029, due the increase in construction, as more buildings are being constructed and renovated, rising demand for integrated solutions that reduce execution time while ensuring quality and cohesive design.

INVEST IN PEOPLE, INVEST IN THE FUTURE

"People are the greatest asset in a company. The continuous innovation at customer's service and the constant enhancement of performances are the objectives reached by working in team."

Oscar Marchetto

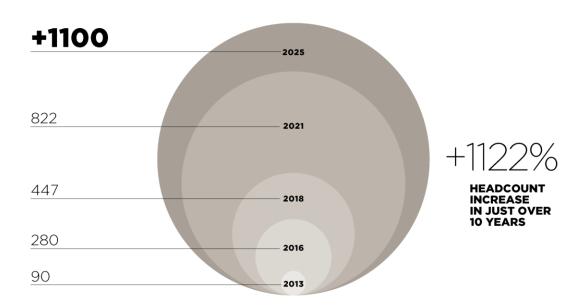

Attracting, retaining and valuing talent is pivotal in the Group's strategy to maintain a constant and high level of competitiveness.

Only through human capital can innovation be pursued, practising an approach and process method that links experience, creative effort and experimentation, in partnership with customers. All the design, research and development departments of the various companies of the Group work in synergy to develop unique solutions of excellence, able to respond to the constant technical and aesthetic challenges that the market demands.

HEADCOUNT BY DEPARTMENT

DEVELOPING, PRESERVING AND PASSING ON THE ITALIAN KNOW-HOW

Somec Group was set up and developed as a local business based on the skilled hands of expert craftsmen. As it has expanded, it has always recognised the priceless value of Italian expertise, which is precise when it comes down to fine detail and unique when it comes to style, defining it as a precious asset, and making it a moral duty to preserve and pass it on to future generations.

Somec Group is investing in training and education, to give some of the precious knowledge that has made the company successful back to the crafts and trades that are woven into Italian territory and beyond.

The Group is committed to setting up an Academy to:

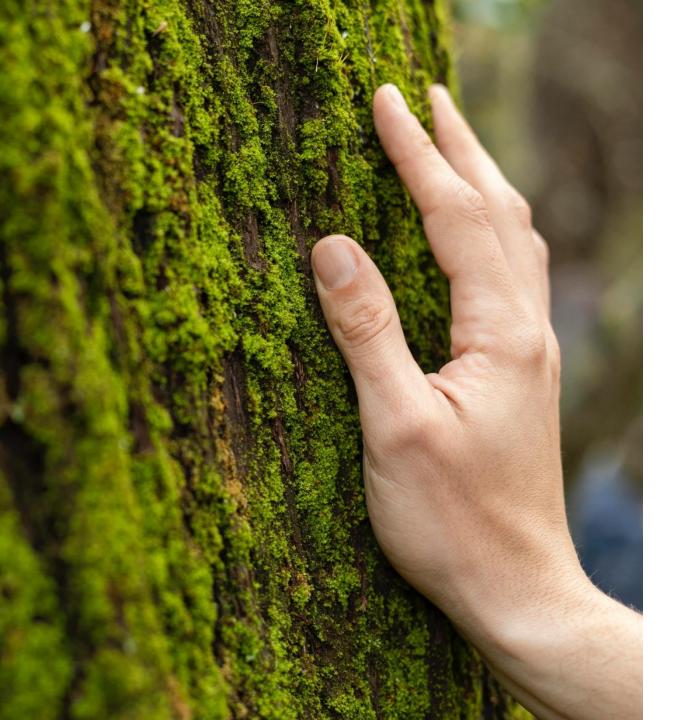

Support the master craftsmen

by enabling them to pass on their culture and protect their knowledge and legacy. Outline a training path

for young talents interested in learning the profession of the master craftsmen.

Establish collaborations

with universities and schools to launch research and innovation projects.

BUILDING A BETTER FUTURE EVERY DAY

Somec Group embraces responsibility. In a time where technology enables high-performance and sustainable solutions, we ensure full accountability for our environmental footprint.

Since 2021, Somec Group has been publishing its Sustainability Report - Consolidated Non-Financial Statement, aligned with Directive EU 2014/95 (the Barnier Directive).

Here are recent actions taken according to the approved Sustainability Plan.
