SINCE 1978

1993

Somec enters the **marine glazing** business

2005

The company enters another challenging business: **marine refitting**

2013

Oscar Marchetto acquires the majority stake of Somec.

2016-17

Oxin and Inoxtrend are acquired. Hysea is founded. The company becomes a Group and enters two new sectors: **professional kitchens** and **naval interiors**

2018

Listing on the **Italian Stock Exchange (AIM).** The Group acquires Fabbrica, entering the **architectural envelopes** business in the US

2019-21

The **expansion strategy** continues with the acquisitions of TSI, GICO, Primax, Pizzagroup, Skillmax and the launch of Fabbrica Works

2022

The Group acquires Bluesteel, establishes Mestieri as its **bespoke interiors** division, and completes the acquisitions of Budri and Lamparredo
It strengthens its US presence with Pizzagroup USA and Mestieri USA

2023-24

Through its subsidiary Mestieri, the Group acquires Gino Ceolin. The **business and geographic diversification strategy** continues

2025-26

Integration drives growth: the three divisions operate in an increasingly coordinated way, developing joint opportunities across sectors

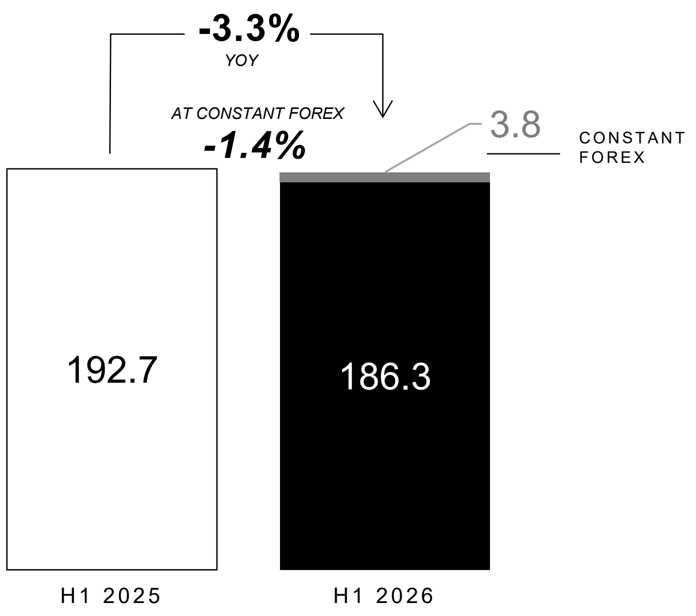
TOTAL REVENUES

TOTAL REVENUES

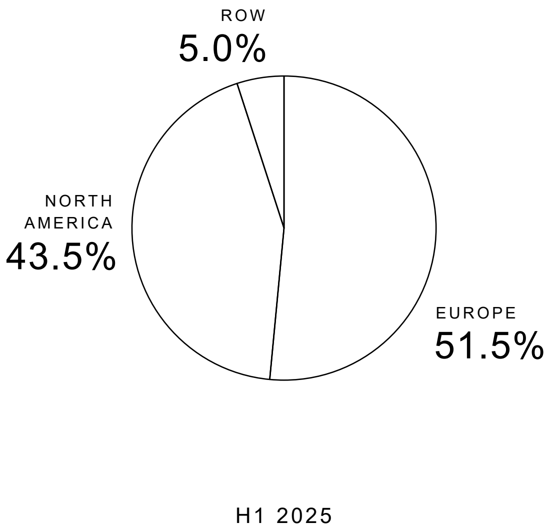
€M

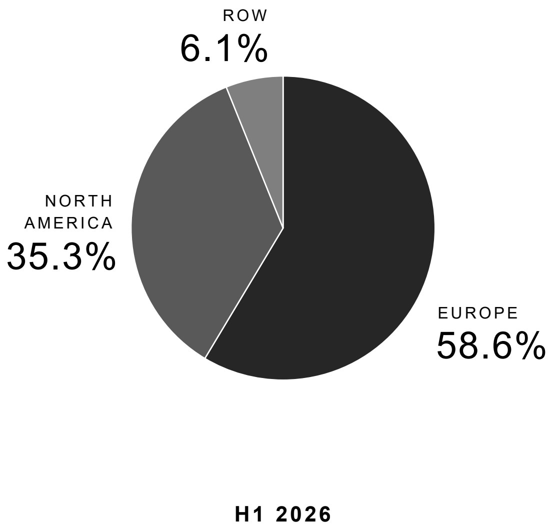


Consolidated revenues amounted to €186.3 million, (-1.4% YoY at constant forex) reflecting the Group's strategic portfolio rebalancing towards higher value-added contracts and confirms the benefits of its diversified business model across three complementary engineering divisions. The trend is in line with standard delivery scheduling of ongoing projects for the half-year, all of which are already fully factored into the order book and multi-year planning.

TOTAL REVENUES BREAKDOWN BY GEOGRAPHY

% ON TOTAL



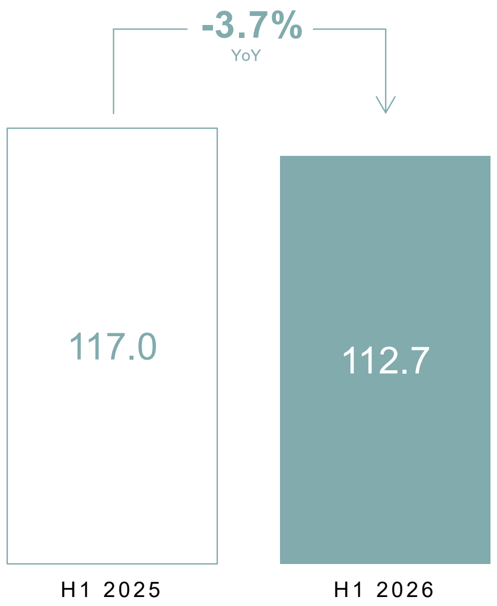


The breakdown of revenues by geographic area shows a strengthening in Europe (including Italy), which contributed a total of 58.6%, compared to North America, which accounted for 35.3% in the period. The rest of the world represented 6.1%.

REVENUES BY DIVISION

HORIZONS REVENUES

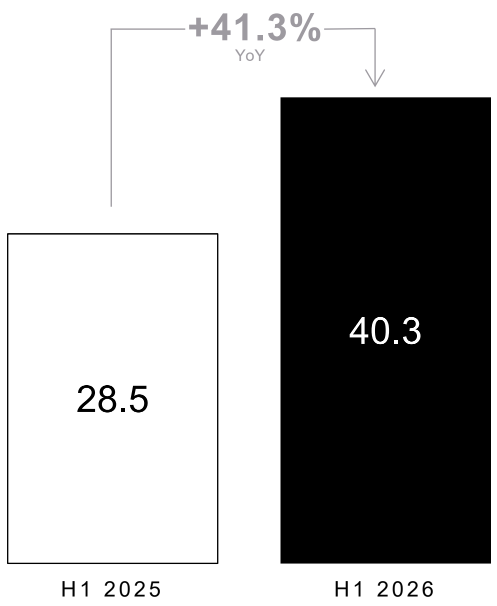
€M



Performance mainly reflected EUR/USD exchange rate movements and the **normal phasing of project deliveries**, both already embedded in the order backlog and multi-year planning

TALENTA REVENUES

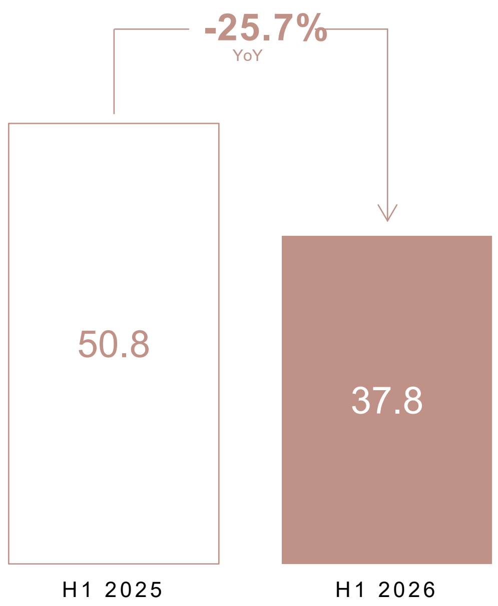
€M



Strong growth was supported by the progressive ramp-up of projects secured in previous periods, particularly across the professional kitchens and catering areas segment, mainly serving the marine market.

MESTIERI REVENUES

€M



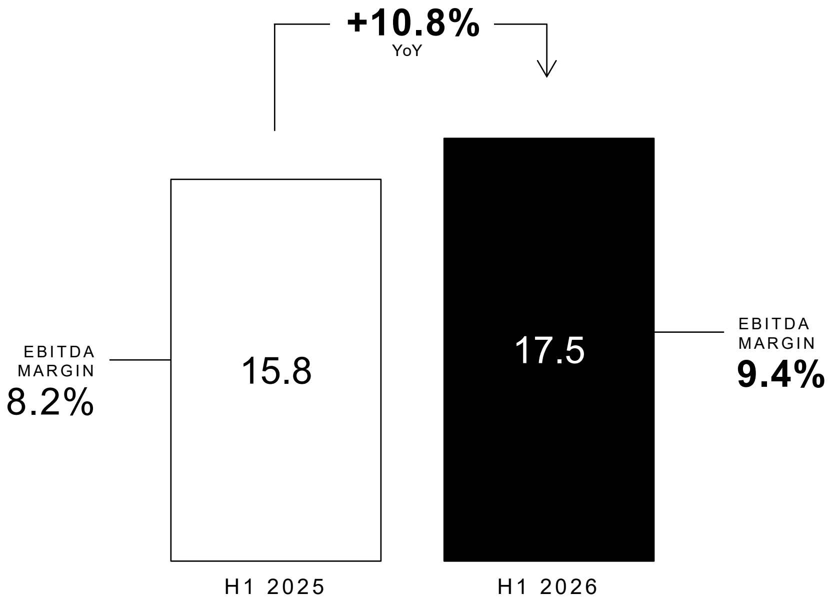
Revenues of the divisions reflected the planned phasing of marine interior activities, consistent with the **division's strategic repositioning.**

EBITDA

The highest half-year EBITDA in the Group's history

EBITDA

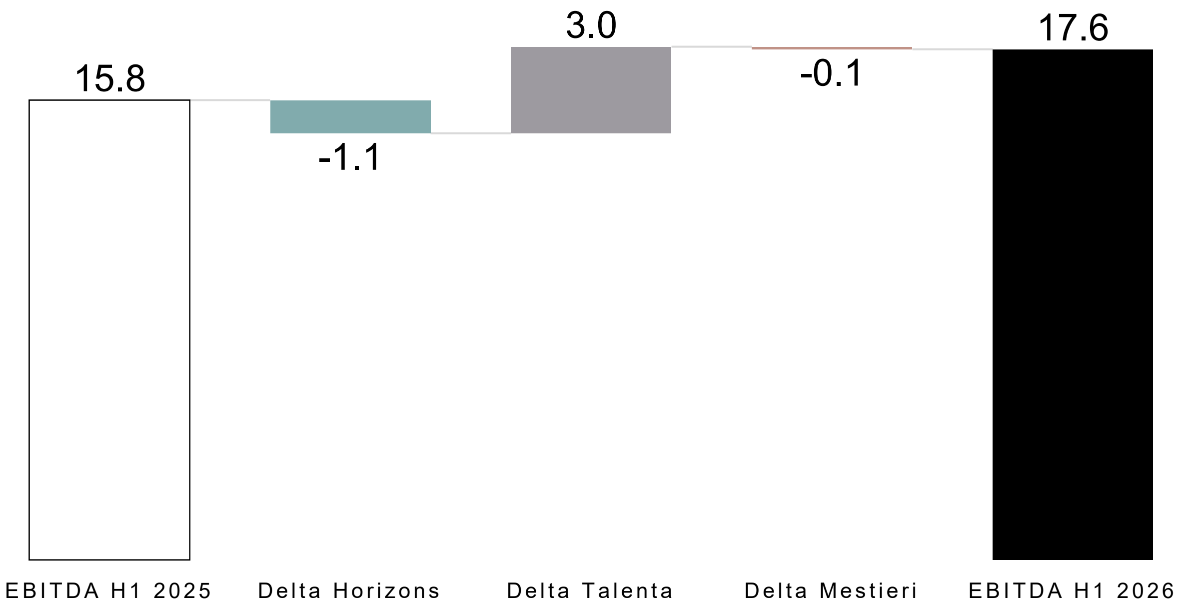
€M / %



EBITDA reached an all-time high for the Group, with a margin of 9.4%. The strong improvement in margins reflects the Group's multi-year strategy, focused on selecting higher-value-added contracts, progressively rebalancing the business mix and increasing operational efficiency.

EBITDA BRIDGE

€M



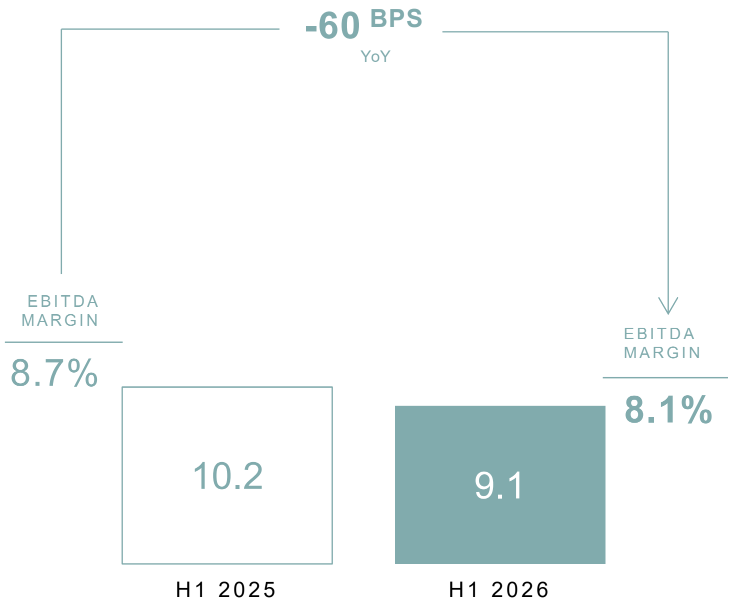
The **improvement in marginality** was primarily driven by Talenta supported by higher volumes and strong execution in marine kitchens and catering areas. This positive contribution was partially offset by Horizons, while Mestieri marginality remained broadly in line despite lower volumes, benefiting from its strategic repositioning and more selective contract mix.

EBITDA BY DIVISION

Excellent performance of Talenta

HORIZONS EBITDA

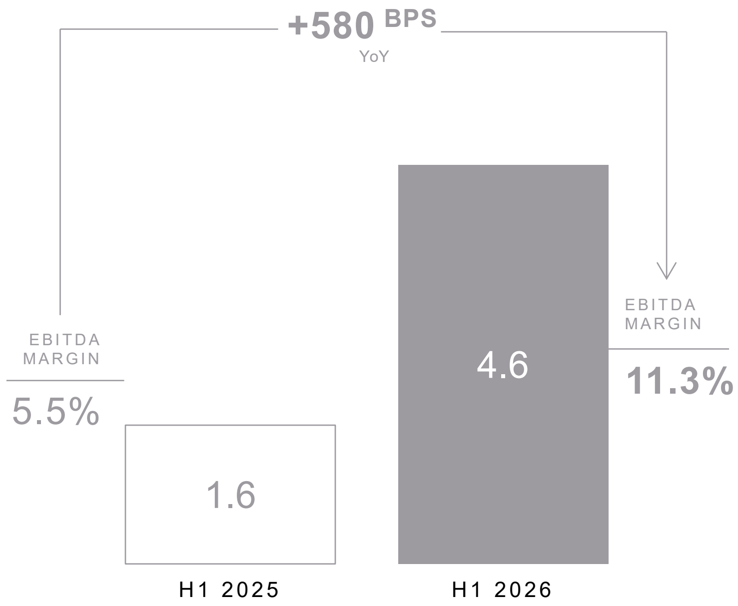
€M / %



The results reflected a more balanced phasing of naval refitting activities compared with H1 2025, when project execution was more concentrated in the first half of the year.

TALENTA EBITDA

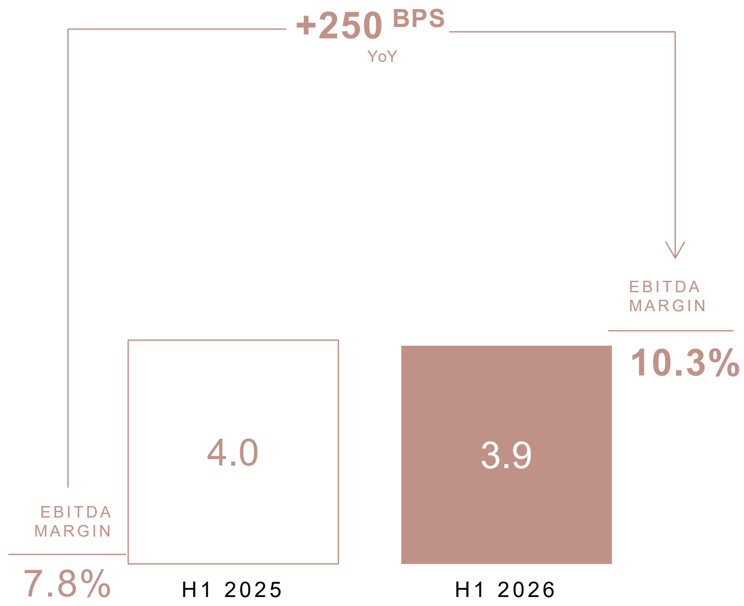
€M / %



As 30 June 2026, Talenta's EBITDA stood at 4.6 million Euro, up from the previous year, with a strong increase in margin at 11.3% on revenues. The performance benefited from the continued ramp-up of marine kitchens and catering area projects, with higher activity levels across both Italian and international shipyards supporting the strong contribution in the period.

MESTIERI EBITDA

€M / %



The reduction of volumes, mainly attributable to a lower contribution in naval interior projects, did not affect the overall margin generated by the division, confirming the effectiveness of the strategic repositioning and the more selective approach of order acquisition.

DEVELOPING, PRESERVING AND PASSING ON THE ITALIAN KNOW-HOW

Somec Group was set up and developed as a local business based on the skilled hands of expert craftsmen. As it has expanded, it has always recognised the priceless value of Italian expertise, which is precise when it comes down to fine detail and unique when it comes to style, defining it as a precious asset, and making it a moral duty to preserve and pass it on to future generations.

Somec Group is investing in training and education, to give some of the precious knowledge that has made the company successful back to the crafts and trades that are woven into Italian territory and beyond.

The Group is committed to setting up an Academy to:

Support the master craftsmen
by enabling them to pass on their culture and protect their knowledge and legacy.

Outline a training path
for young talents interested in learning the profession of the master craftsmen.

Establish collaborations
with universities and schools to launch research and innovation projects.
